

# FME Modules

**PrestaShop 1.6.x To 1.7.x Module**

**User Guide 1.0**

## INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of the **Age Verification on Entry** PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

This extension will only work on the PrestaShop version 1.6.x to 1.7.x. As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

## INSTALLATION INSTRUCTIONS

*Compatible - PrestaShop 1.6.x - 1.7.x*

1. Log in to **PrestaShop** administration panel, go to **Modules** → Click Add new module
2. Select **v1.0.0ageverificationonentry.zip** which you have downloaded and click upload this Module
3. Scroll down and find **Age Verification on Entry** and click **Install**. You are done
4. **Clear Cache** in **Advance Parameters** → **Performance**

## USER GUIDE

### HOW TO CONFIGURE THE MODULE

At the back office, go to **Modules > Module Manager > Age Verification on Entry**. Here you will find all the module configurations.

The screenshot shows the PrestaShop Module Manager interface. On the left is a sidebar with navigation options: Modules, Module Manager, Module Catalog, Design, Shipping, and Payment. The main area displays two modules:

- Age Verification on Entry** (v1.0.0 - by FMM): With this module you can add age verification popup on website entry. Includes a 'Configure' button and a checkbox.
- Banner** (v2.1.1 - by PrestaShop): Add a banner to the homepage of your store to highlight your sales and new products in a visual and friendly way. Includes a 'Configure' button, a dropdown arrow, and a checkbox. A 'Read more' link is also present.

### GENERAL SETTINGS:

The screenshot shows the 'SETTINGS' page for the 'Age Verification on Entry' module. The settings are as follows:

- Enable Module:** YES (selected), NO
- Enable for specific Categories:** YES, NO (selected)
- Apply For Categories:** Collapse All, Expand All, Check All (checked), Uncheck All
- Categories:** Home (checkbox)
- \* Title:** Age Restriction
- \* Description:** Please confirm that you are over 18 years.
- \* Cookie Lifetime:** 2

- **Enable Module:** Option to enable or disable the module.
- **Enable for Specific Categories:** Option to enable the module for specific categories.
- **Apply for Categories:** Admin can choose the desired categories for the module's functionality.
- **Title:** Option to edit the title of a popup.
- **Description:** Option to edit the description of a popup.
- **Cookie Lifetime**

A screenshot of the FME module configuration interface, enclosed in a green border. The interface contains several settings:

- Text Color:** A text input field with the value "#ffffff" and a color picker icon.
- Popup Theme Color:** A text input field with the value "#ff0000" and a color picker icon.
- Submit Options:** A dropdown menu with the selected option "Confirm and Deny Buttons".
- \* Confirm button text:** A text input field with the value "Confirm".
- Confirm Button Background:** A text input field with the value "#2fb5d2" and a color picker icon.
- \* Decline button text:** A text input field with the value "Decline".
- Decline Button Background:** A text input field with the value "#2fb5d2" and a color picker icon.
- \* Redirect if deny:** A text input field with the value "https://www.google.com".

Below the "Redirect if deny" field, there is a small text note: "e.g https://www.xyz.com/".

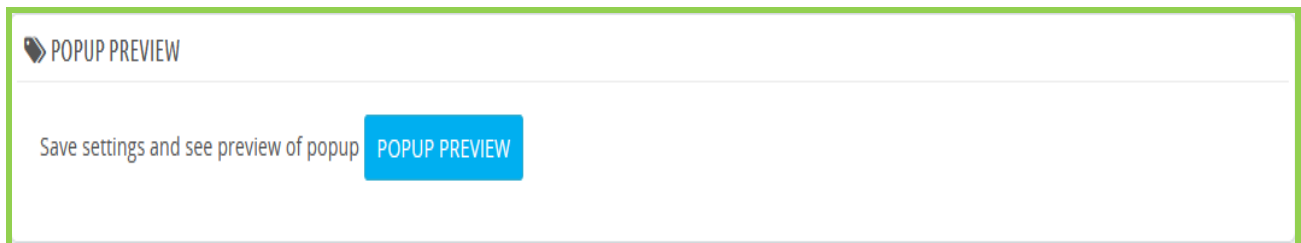

- **Text Color:** Option to choose the text color of a popup.
- **Popup Theme Color:** Option to choose the theme color of a popup.
- **Submit Options:** Two Options to choose from, i.e; Confirm/Deny Buttons or Date Verification.
- **Confirm / Decline Button Text:** Option to change the text of the Confirm and Decline Button.
- **Confirm / Decline Button Background:** Option to edit the background color of the Confirm and Decline Button.
- **Redirect:** Option to add a redirection link if user press the Decline button.

The screenshot shows a configuration interface for age verification. At the top, there is a toggle for "Use custom logo" with "YES" selected. Below this is an "Upload Icon Image" section with a file upload button labeled "Add file". An "Image Preview" shows a red circle with the number "18" and a plus sign. Below the preview are two dropdown menus: "Rounded corner" set to "Small" and "Overlay" set to "Image background". Another "background Image:" section with an "Add file" button is present. Below this, a note states "Recommended Resolutions 1200x800". At the bottom, another "Image Preview" shows a dark background with red and orange particles.

- **Custom Logo:** Option to use the custom logo.
- **Upload Icon Image:** Option to upload the icon image from the system.
- **Image Preview**
- **Rounded Corner:** Option to make corners of popup rounded or simple.
- **Overlay:** Option to choose the overlays, i.e; Color or Image Background.
- **Background Image:** Option to choose the background image for the overlay.
- **Image Preview**

## POPUP PREVIEW

Option to view the Popup at the back office.

## DISCLAIMER

It is highly recommended to back up your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

**It is recommended you install on a test server initially to carry out your own testing.**

## SUPPORT

If you need more information or have any questions or problems, please refer to our support helpdesk:

You can log a ticket and a support technician can assist you further.

## CUSTOMIZATION

If you have requirements that are not covered by our module and you need to have our module customized, feel free to contact us through support helpdesk.
