PRODUCT SLIDER ADVANCE MODULE

(Promo Blocks)

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users -managers, supervisors and others of **Product Slider Advance** PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand on how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

USE CASES FOR PRESTASHOP PRODUCT SLIDER PRO MODULE

1. **Promote Seasonal Offers:** Use the slider to showcase products relevant to a specific season or holiday, increasing visibility and boosting sales for time-sensitive items.
2. **Highlight Bestsellers:** Display top-selling products on the homepage or product pages to encourage customers to explore and purchase popular items.
3. **Boost New Arrivals:** Create a dedicated slider for recently added products, drawing attention to fresh inventory and enhancing customer engagement.
