

# FME Modules

PRESTASHOP

**QUANTITY DROP DOWN**

The image shows a purple rectangular background. In the top left corner, the word 'PRESTASHOP' is written in white. In the top right corner, there is a small version of the FME logo. In the center, there is a large white circle containing a purple icon of a quantity drop-down menu, which consists of three horizontal bars and a small upward-pointing arrow. At the bottom of the purple background, there is a white horizontal bar containing the text 'QUANTITY DROP DOWN' in bold black letters.

**PrestaShop 1.6.x To 1.7.x Module  
User Guide 1.0**

## INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of the **Quantity Dropdown** PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

This extension will only work on the PrestaShop version 1.6.x to 1.7.x. As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

	<i>Variables: qty, price</i>

- **Enable / Disable Module**
- **Home Page Enable / Disable:** Option to Enable or Disable the module on the Home Page.
- **Change Quantity Step:** Admin have an option to change the value of the Quantity as:
  - **Product Quantity Increment:** Product Quantity will start from the mentioned value and incremented according to that value, i.e if user mention value 9 then increment of value will be 9, 18, 27, 36, 45, .....
  - **Fixed Value:** Product quantity will be shown only for the mentioned value, i.e if user mention value 88 then on this will be shown as, “**Buy 88 for Price each**” on the frontend.
  - **Custom Values:** If user wants to enter the custom values of product then this option can be used, i.e if user adds 1, 3, 5, 7, 9 then only these mentioned values will be shown on the frontend.
- **Maximum Quantity:** Maximum quantity of the products can be adjusted either by the Stock Quantity or Maximum Value (Custom).
- Admin have option to limit the number of options in the drop down list.
- **Option Templates:**
  - **Option Template for single value:** Admin can set the template for the Single Product.
  - **Option Template for Multiple Quantity:** Admin can use the variables “qty and price” to set the template for multiple quantities.

The screenshot shows the 'Apply For Categories' configuration panel. At the top, there are four buttons: 'Collapse All', 'Expand All', 'Check All', and 'Uncheck All'. Below these, a tree view shows the following categories and their selection status:

- Home (7 selected)
  - Clothes (2 selected)
    - Men
    - Women
  - Accessories (2 selected)
    - Stationery
    - Home Accessories
  - Art

Below the tree view, there are two color selection controls:

- Dropdown Color:** A text input field containing '#ffffff' and a color picker icon.
- Dropdown font Color:** A text input field containing '#009CD7' and a color picker icon.

- **Category Selection:** Admin can opt the desired categories to display the drop down.
- **Dropdown Color and Font Color:** Admin can change the Dropdown and font's colors.

## DISCLAIMER

It is highly recommended to backup your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

**It is recommended you install on a test server initially to carry out your own testing.**

## SUPPORT

If you need more information or have any questions or problems, please refer to our support helpdesk:

You can log a ticket and a support technician can assist you further.

## CUSTOMIZATION

If you have requirements that are not covered by our module and you need to have our module customized, feel free to contact us through support helpdesk.
