1. Log in to [PrestaShop](#) administration panel, go to [Modules](#) → Click [Add new module](#)
2. Select [brandslider.zip](#) which you have downloaded and click [Upload this Module](#)
3. Scroll down and find [Custom Payment Methods](#) and click [Install](#).
4. [Clear Cache](#) in [Advance Parameters](#) → [Performance](#)

USE CASES

Use Case 1: Showcase Featured Brands

A fashion eCommerce store uses the Brand Slider module on the homepage to highlight top-selling brands. This helps increase customer trust and encourages shoppers to explore products from well-known brands.

Use Case 2: Improve Navigation & Discovery

An electronics store places the Brand Slider on category pages, allowing customers to filter products by brand easily. This improves user experience and helps customers find their preferred products faster.

Use Case 3: Boost Brand Credibility

A beauty store adds the Brand Slider to the footer or sidebar, displaying logos of trusted brands. This reassures new visitors about product quality and enhances the store's credibility.

USER GUIDE

HOW TO CONFIGURE MODULE

At the back office, go to [Modules > Module Manager > Brand Slider](#). Here you will find the module configurations.
