Getting Started!

Overview

Home Comments PrestaShop Module displays latest customer reviews, comments on home page in an elegant block. This block displays name, image of a customers as well as rating and date. This module ultimately helps you grow your customers' confidence on your products.

Features

Customer reviews and comments always put positive effect on website visitors, it increases their trust on your services and helps grow your sales quicker, and this is what this Home Comments module is developed for. Home Comments plug-in displays latest customer reviews and comments in an elegant block on home page.

This comments block is designed to convey important information in a useful and impressive manner to your website visitors; therefore, each comment or review posted by customer is displayed in a separate frame, with picture and customer's name. This comments block shows the credibility of your products by displaying overall rating as marked the existing customers.

Admin can set custom title for PrestaShop comments block, and enable/disable rating as well as name features. Click on demo to view all features or contact us for more information.
