Installation

Step by Step

General Installation instructions

1. Log into PrestaShop administration panel, go to **Modules** → Click **Add new module**.
2. Select **backgroundswitcher.zip** which you downloaded and click **Upload this module**.
3. Scroll down and find **BG Switcher** and click **Install**. You are done
4. **Clear Cache in Advance Parameters** → **Performance**.
5. Make sure **Cache** is disabled in **Advance Parameters** → **Performance**.
6. For Settings Go to **Modules** → **Modules** → find **BG Switcher** and click **Configure**.

Activate and Maintain Module

1. After successful installation go to Go to **Modules** → **Modules** → find **BG Switcher** and click **Configure**.
2. Click **Add** to add new background record.
3. Click **Activate** or **Deactivate** your image as background.
4. Click **Browse** to upload image for background.
5. Check pages on which you want to set Back Ground.
6. If you checked **All Pages** then no need to check other pages because it will set automatically for all pages.
7. Click **TRUE** if you want to repeat your background image and click **FALSE** if you don't want to repeat your background image.

8. Then click **Update** button to apply image(only **Activated** records will be set as background).
9. After update the list all records will be displayed.Now you can **edit** or **delete** your record.
