Getting Started!

Installation

Step by Step

General Installation instructions

1. Log into PrestaShop administration panel, go to **Modules** → Click **Add new module**.
2. Select **portfolio.zip** which you downloaded and click **Upload this module**.
3. Scroll down and find **Porfolio** and click **Install**. You are done
4. **Clear Cache** in **Advance Parameters** → **Performance**.
5. Module will add extra Tab Link in Back Office under **Menu**.
6. Module also have its own **Configuration** Page which can be accessed by clicking **Configure** Link.

Accessing Front

Portfolio has a friendly URL and can be easily accessed by simply typing
<http://www.yourdomian.com/portfolio>

Accessing Backend

Backoffice has a link for all requests in Main Menu where you can add/edit portfolio items.

Configuration

Configuring **Portfolio** is quite simple, just click **Configure** link in modules >> Find **Portfolio**.

You can set title for page and number of items you want per page. Also order of items can be set by descending or ascending order.

Disclaimer

It is highly recommended to backup your server files and database before installing this module.

No responsibility will be taken for any adverse effects installation or advice may cause.
