Getting Started!

Overview

What will happen if years of your work remain unpublished? Similar effects will most likely to happen when you do not publish your work on gigantic social networking platform such as Facebook. This **Free PrestaShop Social Networking Module** publishes your work to Facebook directly on users profile/wall when they like your product, service or blog. You can incorporate this **Facebook Like button** anywhere on your website which will give customers easy approach to like and share your work.

Features

1. Use this button on product page on your website
2. Customer can click on like button which will share your work on their social networking profiles.
3. Search engines calculate likes in website ranking, give your website a quick chance to rank higher
4. Makes your website up to the modern standards
5. One Click installation

Installation

Step by Step

General Installation instructions

1. Log into Prestashop administration panel, go to **Modules** → Click **Add new module**.
2. Select **fmefacebooklike.zip** which you downloaded and click **Upload this module**.
3. Scroll down and find **FME Facebook Like** and click **Install**. Your are done.
4. You can also hook this module to right block after **In stock Status**, to do that go to **Positions** and **Transplant a module** now select **FME Facebook Like** from first select menu and **Product Out Of Stock** from second select menu than click **Add**.
