## INSTALLATION INSTRUCTIONS

1. Log in to **PrestaShop** administration panel, go to **Modules** → Click **Add new module**
2. Select **Wallet.zip** which you have downloaded and click **Upload this Module**
3. Scroll down and find **Pretty Links** and click **Install**. Next click on **Associate** and enter your credentials.

### Associate your shop with a PrestaShop account

You can only associate your shop with one account. So be sure to choose the right one!

Associate

4. Next click on **Share my data** and allow it. After this step module configuration will be allowed.

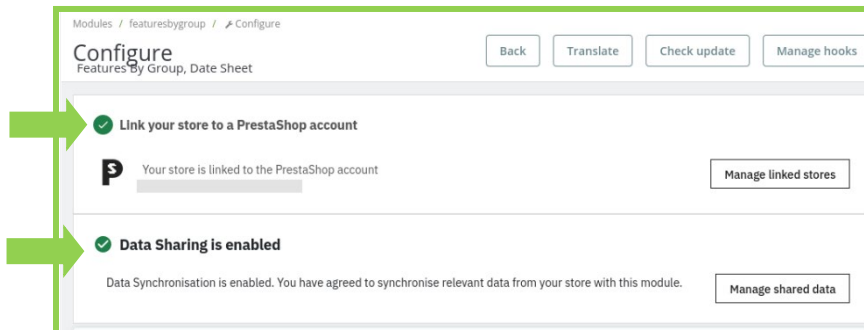

### Share your data with

requires you to share your store data to work, please consent to the Data Sharing.

Share my data

## 5. Make sure both ticks are green.

Note: When our module is installed, it also installs these three modules by default:

- a. PrestaShop Account
- b. PrestaShop EventBus
- c. PrestaShop Marketplace in your Back Office

Do not uninstall these modules as it may lead to errors affecting the functionality of our module.

## 6. Clear Cache in Advance Parameters → Performance

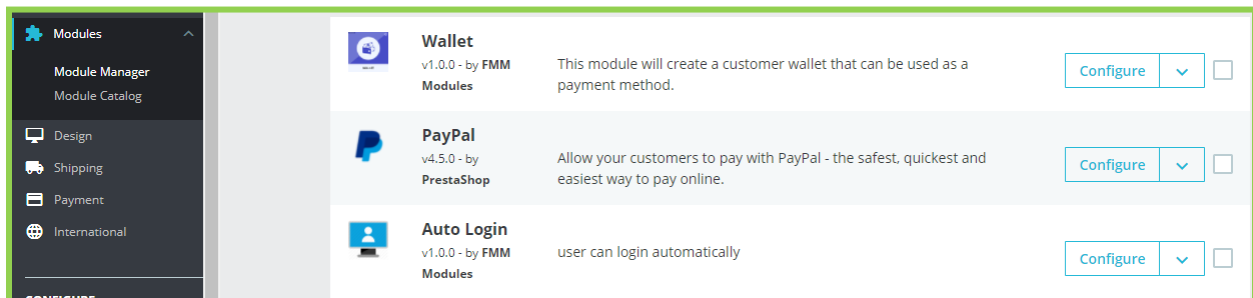

## 7. Please make sure Friendly URL is turned on in Preferences → SEO & URLs
