Getting Started!

Overview

Did you find out something valuable and want to share it with your Facebook friends? PrestaShop Facebook Send Button Module lets you share all valuable content instantly with your Facebook community. Facebook is one of the great sources of sales generation for millions of merchants. This plugin places Facebook Send button similar to Facebook Like button on product pages and website footer. Clicking on the button opens up a pop up window which have "To" and "Message" fields on it, enter the recipient name and any message and then hit the send button.

Features

1. Use this button to send URL to your Facebook friends.
2. Customer can click on like button which will share your product on their social networking profiles.
3. Search engines calculate likes in website ranking, give your website a quick chance to rank higher
4. Makes your website up to the modern standards
5. You can give custom URL for send button.
6. Multiple color themes available.
7. One Click installation

Installation

Step by Step

General Installation instructions

1. Log into Prestashop administration panel, go to **Modules** → Click **Add new module**.
2. Select **fmesendbutton.zip** which you downloaded and click **Upload this module**.
