

# FME Modules

**PrestaShop 1.6.x To 1.7.x Module  
User Guide 1.0**

## INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of the **Product Fields** PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

This extension will only work on the PrestaShop version 1.6.x to 1.7.x. As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

## INSTALLATION INSTRUCTIONS

*Compatible - PrestaShop 1.6.x - 1.7.x*

1. Log in to **PrestaShop** administration panel, go to **Modules** → Click **Add new module**
2. Select **v1.0.0customfieldsonproduct.zip** which you have downloaded and click **Upload this Module**
3. Scroll down and find **Product Fields** and click **Install**.
4. **Clear Cache** in **Advance Parameters** → **Performance**

## USER GUIDE

### HOW TO CONFIGURE MODULE

At the back office, go to **Modules > Module Manager > Product Fields**. Here you will find the module configurations.

The screenshot shows the PrestaShop Module Manager interface. On the left is a sidebar with navigation options: Modules, Module Manager, Module Catalog, Design, Shipping, Payment, and International. The main content area displays three modules:

- Product Fields** (v1.0.0 - by FMM): This module allows you to add extra custom fields on your product page. It has a 'Configure' button and a dropdown arrow.
- Banner** (v2.1.1 - by PrestaShop): Add a banner to the homepage of your store to highlight your sales and new products in a visual and friendly way. It has a 'Configure' button, a dropdown arrow, and a 'Read more' link.
- Category tree links** (v2.0.2 - by PrestaShop): Help navigation on your store, show your visitors current category and subcategories. It has a 'Configure' button, a dropdown arrow, and a 'Read more' link.

## MANAGE PRODUCT FIELDS

Admin can manage multiple product fields from here.

The screenshot shows the PrestaShop Product Fields management interface. At the top, it says 'PRODUCT FIELDS 4'. Below is a table with columns: #, Field, Field Type, Condition Type, Active, Required, and Position. There is also a search bar and a 'Bulk actions' dropdown.

#	Field	Field Type	Condition Type	Active	Required	Position	
1	Contact Email	text	category	✓	✓	1	Edit
2	Quantity Wanted	text	product	✓	✗	2	Edit
3	Mailing Address	textarea	category	✓	✓	3	Edit
4	Shipping Process Date	date	category	✓	✓	4	Edit

## ADD PRODUCT CUSTOM FIELD

Admin can add custom field by filling the following fields:

**PRODUCT EXTRA FIELDS**

**Field Title**   
*enter a label/title for your field.*

**Field Type**   
*select a predefined field type.*

**Default Value**   
*set a default value for your filed.*

**Field Validation**   
*add an extra validation on field value.*

**Show Field on**   
*select a predefined field type.*

**\* Search Product**   
*Filed will be displayed on selected Product(s).*

- **Field Title**
- **Field Type:** Different field types to choose from, ie; Text, Text area, Date.
- **Default Value:** Option to add the default value for field.
- **Field Validation:** Field can be validated as well by selecting the desired validation.
- **Show Field on:** Option to show fields on specific products or on categories.
  - **Search Product:** Option to add multiple products to display fields.
  - **Categories:** Option to choose different categories to display fields.

Show Field on  ▼  
*select a predefined field type.*

\* Categories    Check All  Uncheck All

Home

*Filed will be displayed on selected category Product(s).*

Group Access

<input type="checkbox"/>	ID	Group name
<input checked="" type="checkbox"/>	1	Visitor
<input checked="" type="checkbox"/>	2	Guest
<input checked="" type="checkbox"/>	3	Customer
