

# FME Modules

**User Guide 1.0**

## INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of the **Customer Address on Registration** PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

## INSTALLATION INSTRUCTIONS

1. Log in to **PrestaShop** administration panel, go to **Modules** → Click **Add new module**
2. Select **v1.0.0customeraddressonregistration.zip** which you have downloaded and click **Upload this Module**
3. Scroll down and find **Customer Address on Registration** and click **Install**.
4. **Clear Cache** in **Advance Parameters** → **Performance**

## USER GUIDE

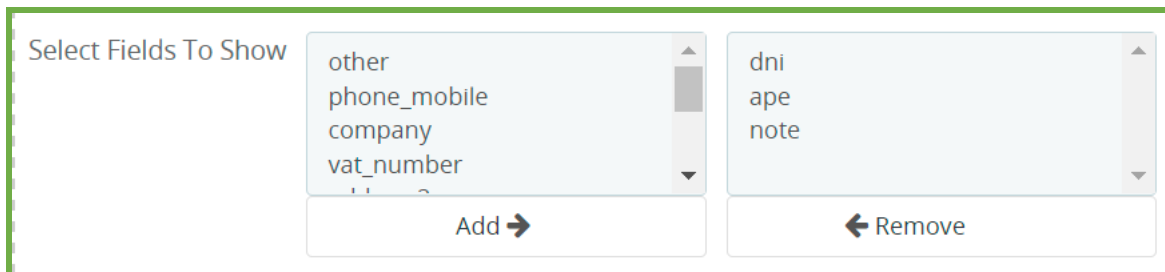

### How to configure module

At the back office, go to **Modules > Module Manager > Customer Address on Registration**. From here admin can enable or disable the module.

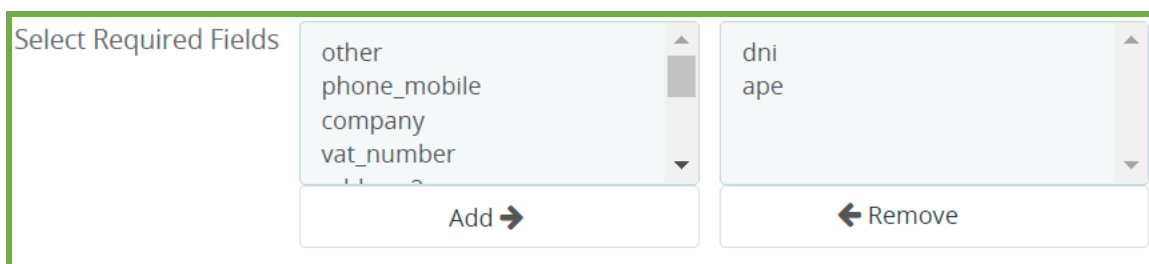

### How to Enable Fields

Multiple premade fields are already included in the module. Just select the ones you want to show on frontend and click add.

### HOW TO MAKE FIELDS MANDATORY

You can also make fields mandatory meaning users have to fill them in in order to proceed.

## DISCLAIMER

It is highly recommended to backup your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

**It is recommended you install on a test server initially to carry out your own testing.**

## SUPPORT

If you need more information or have any questions or problems, please refer to our support helpdesk:

You can log a ticket and a support technician can assist you further.

## CUSTOMIZATION

If you have requirements that are not covered by our module and you need to have our module customized, feel free to contact us through support helpdesk.
