Getting Started!

Overview

About 65 million people click on **'Facebook Like'** each day; millions of merchants, bloggers, and publishers have gotten fringe benefits with it. Why don't you use it on your website? When it comes to 'Like' option on website the primary target is to get more social and viral advertisement as well as to come into good books of search engines. **PrestaShop Facebook Like Box Module** offers more than just a like functionality for your website.

It comes with three major components all wrapped in a stylish floatable side box;

- 1) A Facebook Like Button
- 2) Facebook Stream
- 3) Show Facebook Faces

The Like Box slides out on mouse over otherwise it remains closed. Floatable means as you scroll down or up its position also changes accordingly. You can configure it to be on a fixed position and choose to place it on right or left column.

Features

- 1) Configurable width and height
- 2) 'Show Faces' feature that will display Facebook fans' images in box
- 3) Choose your desired colored scheme for Like Box and its border separately
- 4) Show Facebook stream
- 5) Customizable Box header
- 6) Choose Facebook stream from places as well
- 7) Choose Like Box position on left or right column.
- 8) If you do not wish the box to float up and down with scroll, you can choose fixed position. For this purpose you can specify exactly where it should be placed
- 9) Makes your site more powerful as customers can see your strong fans club on Facebook
- 10) Drive more conversions from social media
- 11) Comes with free support
- 12) 100% Cross browsers tested

Installation

Step by Step

General Installation instructions

1. Log into PrestaShop administration panel, go to **Modules** → Click **Add new module**.
2. Select **facebooklikebox.zip** which you downloaded and click **Upload this module**.
3. Scroll down and find **FME Facebook Like box** and click **Install**. Your are done.
4. If you want the Block ot be displayed in **Right Column**, Go to **Modules** → **Positions** → Click **Run LiveEdit** and Drag Block to **Right Column**.
5. For Configuration you can add your Facebook Page id and change **Fixed Position** if you want the block to show as fixed, other options are available if you want to tweak your block.
