**PrestaShop Module
User Guide**

INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of the **Customer Group at Registration** PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

INSTALLATION INSTRUCTIONS

1. Log in to **PrestaShop** administration panel, go to **Modules** → Click Add new module
2. Select **v1.0.0Customergrouponregistration.zip** which you have downloaded and click upload this Module
3. Scroll down and find **Customer Group on Registration** and click **Install**. You are done
4. **Clear Cache** in **Advance Parameters** → **Performance**

- **Select Customer Group for Validation:** Option put validation on particular user groups. Validation will only be applied on user who selects these user groups at time of registration.
- **Enable Text Field:** If enabled users will be able to send a custom message while applying for registration.
- **Allow Customers to change group:** Allows user to change their user group from their own account section.
- **Enable/Disable for Customer:** Enable to show user group selection on registration form.
- **Selected Groups:** These user groups will be shown on frontend for users to choose from.
- **Selected Groups (For Admin Only):** Option to set default user groups for new users.
- **Pending account message text:** This message will be shown to the user groups whose validation is pending.

DISCLAIMER

It is highly recommended to back up your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

It is recommended you install on a test server initially to carry out your own testing.

SUPPORT

If you need more information or have any questions or problems, please refer to our support helpdesk:

You can log a ticket and a support technician can assist you further.

CUSTOMIZATION

If you have requirements that are not covered by our module and you need to have our module customized, feel free to contact us through support helpdesk.
