Getting Started!

Overview

To bring millions of customers to your website, FME Modules have developed **Pinterest PrestaShop Module** for Pinterest social networking platform which has become one of the leading sources of traffic for online businesses. To drive traffic through this incredible image based marketing platform, you need to have quality images on your website such as for products, banners etc. Why do you need this free PrestaShop module? The reason lies within the fact that when majority is using this platform to drive more conversions then why you would hide your business from it.

This **Pinterest social networking plugin** is free to download and use. This module works on product pages. With just one click customers can share product images on their Pinterest profiles which makes your product get advertised automatically to a huge audience. Pinterest users who like your product will further share them to their own social networking platforms such as Facebook, Twitter, Google + etc. This free PrestaShop plugin for PrestaShop is extremely lightweight and takes zero time for installation.

Features

1. Make your website with modern social networking standards
2. Attract more customers
3. A great source of lead generation
4. Make your marketing campaign more powerful with this free tool
5. Make your product information go viral to millions of people around the globe
6. Share Product Images and description from single interface and link back to your product page
7. One click installation
8. Multi-language, available in four languages

Installation

Step by Step

General Installation instructions

1. Log into Prestashop administration panel, go to **Modules** → Click **Add new module**.
2. Select **blockpinterest.zip** which you downloaded and click **Upload this module**.
3. Scroll down and find **FME Block Pinterest** and click **Install**. Your are done.
4. You can also hook this module to right block after **Add to Cart Button**, to do that go to **Positions** and **Transplant a module** now select **FME Block Pinterest** from first select menu and **Extra actions on product page (right column)** from second select menu than click **Add**.
