PRESTASHOP MODULE

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users -managers, supervisors, and others of the **Print Label Pro** PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed, please see the User Guide to help you understand how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

INSTALLATION INSTRUCTIONS

1. Log in to PrestaShop administration panel, go to Modules → Click Add new module
2. Select freedelivery.zip which you downloaded and click upload this Module
3. Scroll down and find zip file and click Install. You are done
4. Clear Cache in Advance Parameters → Performance

USER GUIDE

HOW TO CONFIGURE THE MODULE

At the back office, go to Module Manager and you will find Print Labels Pro. Click on Configure to continue.

The screenshot shows the 'Administration' section of the Module Manager. A card for 'Print Labels Pro' is displayed, featuring a small icon, the text 'v2.0.0 - by FMM Modules', and the description 'Print Order labels easily.'. To the right of the card is a 'Configure' button with a dropdown arrow and a checkbox.

Here you will find the button that will take you to the list of all the print labels. You can also go there by going Sell > Print Labels Pro

Labels

The screenshot shows the 'Print Labels Pro' list view. It includes a search bar and filters for 'Reference', 'Date', and 'Print template'. Below the filters is a table with the following data:

Reference	Date	Print template
SJLAPYFYS	02/23/2024 04:18:11	Print template
XKBKNABJK	02/22/2024 09:48:25	Print template
OHSATSERP	02/22/2024 09:48:25	Print template
UOYEVOLI	02/22/2024 09:48:25	Print template
FFATNOMMJ	02/22/2024 09:48:25	Print template
KHWLILZLL	02/22/2024 09:48:25	Print template

All the orders will have a sperate labels per line. From here you can view the label. Clicking on “Print Template” will open the template settings.

HOW TO EDIT LABEL TEMPLATE

Here you will find following settings. After choosing your desired display options click on Re-Generate to generate this label.

The screenshot shows the 'Print Labels Pro' interface. At the top right is a 'Help' button. Below the title bar is a 'Label options' section with a gear icon. A light blue box contains order details: Order ID Number: 6, Order Reference: SJLAPYFYS, and Order Date: 2024-02-23 04:18:11. Below this are various settings: 'Size' is a dropdown menu set to 'Large - Landscape with 1 Label'; 'Show Logo', 'Show Order Reference', 'Show Order Date', 'Show Order Number', 'Show Weight', and 'Enable QR Code' are all toggled 'Yes'; 'Show Delivery Slip Number' is toggled 'No'; and 'Change Order state?' is a dropdown menu set to 'No Change'. A 'Re-generate' button is located at the bottom right of the interface.

- Size: Set the size for the label on the page.
- Show Logo: Choose whether to display the store's logo
- Show Order Reference: Enable or disable showing the order reference number.
- Show Order Date: Decide whether to display the order date.
- Show Order Number: Choose whether to display the order number on the page.
- Show Delivery Slip Number: Enable or disable showing the delivery slip number.
- Show Weight: Decide whether to display the total weight of the order.
- Show Billing Address: Choose whether to display the billing address on the page.
- Change Order State?: Allow changing the order status directly from the page.

- Enable QR Code: Activate or deactivate the display of a QR

After clicking on regenerate, you will be able to see the preview on the same below. From here you can either save label as PDF or directly print it.
