

FME Modules

PrestaShop 1.6.x To 1.7.x Module
User Guide 1.0

INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of the **Store Pickup** PrestaShop Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

This extension will only work on the PrestaShop version 1.6.x to 1.7.x. As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

Store Setting

At the back office, go to the **Group Access** Option. From here you will allow different User Groups like, Visitors, Guests or Customers, to access the table.

A screenshot of a web application's settings page. The page is titled 'SETTINGS' and has four tabs: 'GENERAL', 'MAP SETTINGS', 'STORE SETTINGS', and 'PICK UP SETTINGS'. The 'STORE SETTINGS' tab is active. It contains five toggle switches and one file upload field. The first four toggles are 'Show store email on store popup', 'Show store fax number on store popup', 'Show store note on store popup', and 'Autolocate User Location?'. The first three are set to 'YES' (blue), and the fourth is set to 'NO' (red). The fifth toggle is 'Use below icon for all stores?' set to 'YES' (blue). Below it is a file upload field labeled 'Store Map icon' with a green cube icon, a file size of '300kb', and an 'Add file' button. A 'Save' button is located at the bottom right of the settings area.

- **Show store email on store popup:**
- **Show store fax number on store popup:**
- **Show store note on store popup:**
- **Autolocate User Location:**
- **Use below icon for all stores:** Upload your own store icon here.

PickUp Setting

A screenshot of the FME Settings interface. At the top left, there is a gear icon followed by the word 'SETTINGS'. Below this, there are four tabs: 'GENERAL', 'MAP SETTINGS', 'STORE SETTINGS', and 'PICK UP SETTINGS'. The 'PICK UP SETTINGS' tab is selected. The main content area contains two settings. The first is 'Allow Pickup Date Selection' with a 'YES' button selected and a 'NO' button. Below it is the text 'Allow customers to select pickup date.' The second is 'Allow Pickup Time Selection' with a 'YES' button selected and a 'NO' button. Below it is the text 'Allow customers to select pickup time. Your store hours will be used for selection.' In the bottom right corner, there is a 'Save' button with a floppy disk icon.

- **Allow pickup date selection:**
- **Allow pickup time selection:** Upload your own store icon here.

DISCLAIMER

It is highly recommended to backup your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

It is recommended you install on a test server initially to carry out your own testing.

SUPPORT

If you need more information or have any questions or problems, please refer to our support helpdesk:

You can log a ticket and a support technician can assist you further.

CUSTOMIZATION

If you have requirements that are not covered by our module and you need to have our module customized, feel free to contact us through support helpdesk.
