**SALES BY COUNTRY STATS**

**PrestaShop Module**

**User Guide**

## INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of the **Sales Report By Country** Module. A step by step instruction has been added to this document to help users to install the module on PrestaShop.

As a safe practice always backup your files and database before installing any module on PrestaShop. If you are looking for someone to install the module, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the module to its full capacity. If you still have questions feel free to contact us on the support platform where you bought this module.

If you have any custom requirements feel free to touch base with us.

1. Log in to **PrestaShop** administration panel, go to **Modules** → Click **Add new module**
2. Select **v1.0.0salesreportbycountry.zip** which you have downloaded and click **Upload this Module**
3. Scroll down and find **Sales Report By Country** and click **Install**
4. **Clear Cache** in **Advance Parameters** → **Performance**

## USER GUIDE

### HOW TO CONFIGURE THE MODULE

At the back office, go to **Modules > Module Manager > Sales Report By Country**. Here admin can configure the following settings:

The screenshot shows the 'Module Manager' interface. On the left is a sidebar with 'Modules', 'Module Manager', and 'Module Catalog'. The main area displays two modules:

- Sales Report by Country** (v1.0.0 - by FMM): Description: "Effortlessly track and analyze sales by country with the Sales Report by Country plugin." Action: "Configure" button with a dropdown arrow and a checkbox.
- Available quantities** (v2.0.0 - by PrestaShop): Description: "Adds a tab showing the quantity of available products for sale to the Stats dashboard. ... [Read more](#)" Action: "Disable" button with a dropdown arrow and a checkbox.

### GENERAL SETTINGS

Admin can configure module's basic settings from here.

The screenshot shows the 'SETTINGS' page for the 'Sales Report by Country' module. It includes the following options:

- See Report:** A link labeled "Click here" to view the report.
- Sales Title in chart:** A text input field containing "Sales".
- Choose Color for Sales chart:** A color picker showing the selected color "#1e95ff".
- Compared Sales Title in chart:** A text input field containing "Compared Sales".
- Choose Color for Compared Sales chart:** A color picker showing the selected color "#ff0663".
- Save:** A button with a floppy disk icon to save the settings.

- **See Report:** Admin can view the sales statistics by clicking "Click Here" link. A new window will open displaying the statistics option.
- **Sales Title in Chart:** Option to edit the "Sales" title in the chart.
- **Choose Color for Sales Chart**
- **Compared Sales Title in Chart:** Option to edit the "Compared Sales" title in the chart.

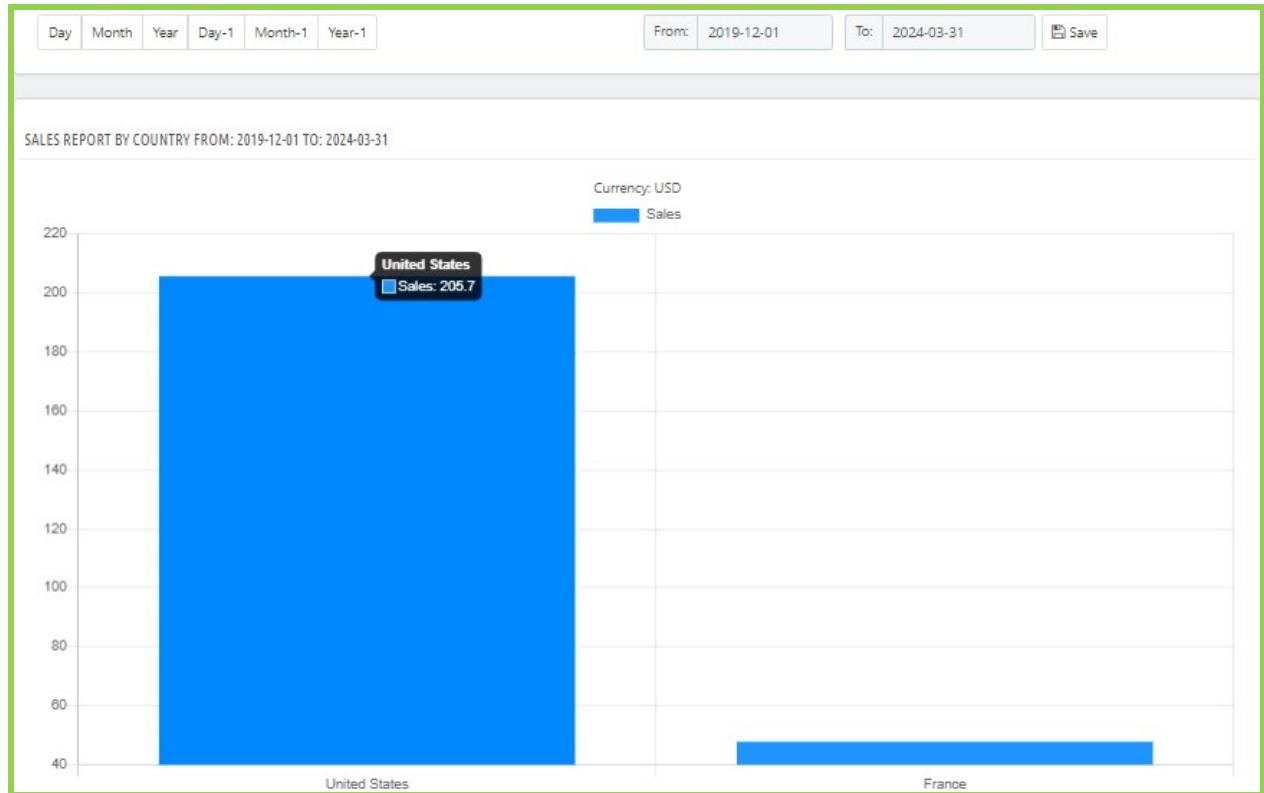

- Choose Color for Compared Sales Chart

## SALES REPORT BY COUNTRY

Admin can view the sales report by country from here and can compare sales with specific time period.

### Report By Country.

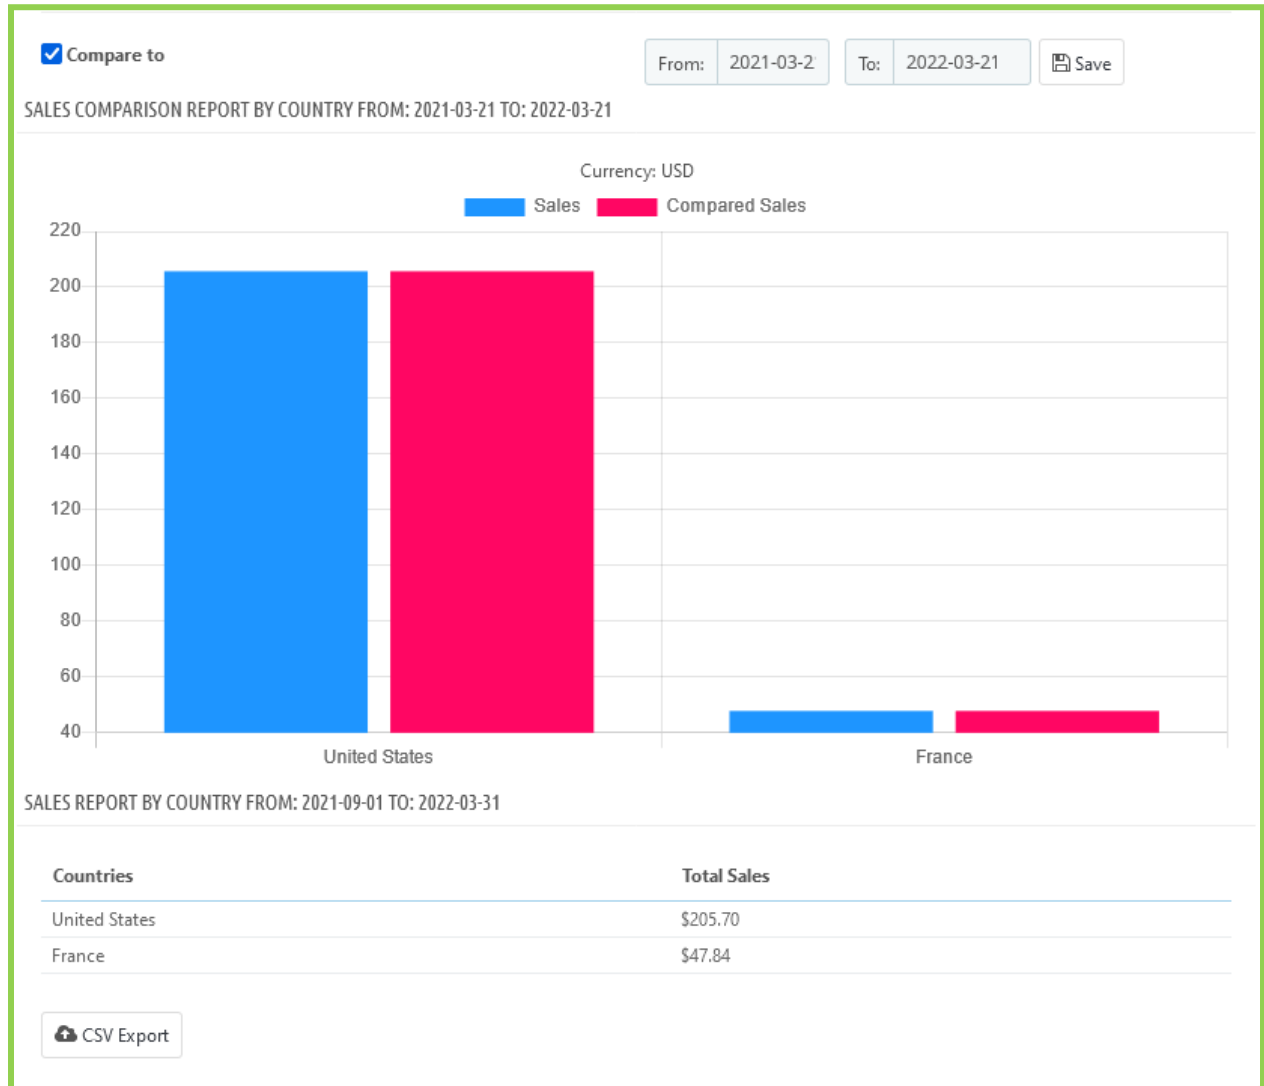

First select the time period for the report generation. You can click on any preselected time period button or input your own custom range. Clicking on save will generate the report.

## SALES COMPARISON REPORT

Admin can compare sales of different countries by specifying the dates. A chart will display after setting the date, which will show the sales comparison with different colors for user's ease.

You can also export data as a CSV file.

## DISCLAIMER

It is highly recommended to backup your server files and database before installing this module.

No responsibility will be taken for any adverse effects occurring during installation.

**It is recommended you install on a test server initially to carry out your own testing.**

## SUPPORT

If you need more information or have any questions or problems, please refer to our support helpdesk:

You can log a ticket and a support technician can assist you further.

## CUSTOMIZATION

If you have requirements that are not covered by our module and you need to have our module customized, feel free to contact us through support helpdesk.
